# NEBOSH Certificate in Fire Safety

## Course Overview

The NEBOSH Certificate in Fire Safety is a globally relevant fire safety qualification that you can complete in just one week. This qualification can help you protect people, property, and ultimately your business from the harm a fire can cause.

This relevant and respected fire safety qualification will help you to:

- Gain a solid technical foundation to build on through practical application and experience
- Positively influence fire safety behaviours and improve fire safety culture
- Learn fire safety techniques that are based on global best practice
- Provide valuable in-house fire safety expertise for your workplace
- Advance your career by gaining specialist fire safety knowledge
- Avoid the damaging and sometimes catastrophic losses that result from fire

## Book Online.

## Certification

This qualification involves two assessments:

1. Open Book Exam: You can do this at home or another suitable quiet space. You'll receive a scenario about a workplace situation and then be asked to complete tasks using the scenario and your knowledge from your studies. You have 24 hours to finish, but typically takes 4-5 hours.

2. Practical Fire Risk Assessment: This assessment aligns with fire risk assessment standards like Home Office fire guidance and PAS79-1:2020. There's no time limit, but we recommend around three hours to complete all four parts for a thorough assessment.

## Who is the course for?

The course is best suited to supervisors and personnel who are responsible for fire safety. Anyone can book the course and further their understanding of fire safety. However, learners must be prepared to commit time to the course and revision time in preparation for the exam.

The NEBOSH Certificate in Fire Safety is ideal for:

- Those responsible for fire safety in low to medium-risk workplaces
- Health and Safety managers
- Facilities Managers
- Health and safety representatives within businesses

## How long will it take?

For this qualification, you should plan your study around a minimum of 28 taught hours and approximately 20 hours of private study and background reading.

## Learning outcomes

On completion of the NEBOSH Certificate in Fire Safety, you will have the knowledge and skills to:

- Understand fire and explosion protection and prevention principles
- Carry out an effective fire risk assessment
- Delegate assessment in a low to medium-risk workplace
