ENABLING SAFE ENVIRONMENTS

LEGIONELLA CONSULTANT (MANCHESTER)

ABOUT LIGTAS

Ligtas Consultancy & Training is one of the UK's leading health and safety consultancies. We are seeking a qualified Legionella Consultant to join our team.

Come and join Ligtas in providing health and safety expertise via consultancy, training, and software solutions – for people who care about keeping people safe.

You can't keep people safe by simply ticking a box, and compliance does not always equal safe, which is why our services focus on supporting our clients to create and maintain safe environments – providing peace of mind that risks are controlled

We care for our clients and partnering with them to ensure safety and compliance is part of who they are and how they operate.

It's an exciting time to join Ligtas as we further develop our client-focused value-adding services and continue to invest in people, processes and software systems.

LEGIONELLA CONSULTANT - THE ROLE

To undertake legionella risk assessments in line with ACOP L8 guidelines, as well as water hygiene duties. This will include:

- Water sampling/temperature monitoring
- Compiling schematic drawings, documents and reports for clients
- A good working knowledge of the water treatment industry and associated legislation
- Being competent with the Microsoft office package
- Having excellent communication skills and the ability to build as well as maintain a professional working relationship with clients.
- Delivering technically excellent water services and support in the growth of the service offering
- Responsibility for delivering Ligtas water services at client locations in line with the contract and agreed standards.

THE IDEAL CANDIDATE

Essential

- Will ideally have completed a Risk Assessment course such as City & Guilds or equivalent WMS qualification
- Experience of conducting ACOP L8 risk assessments within the water treatment/ water hygiene industry
- Provide clients with consultation/ advice required to ensure compliance with all legionella related legislation, regulations and guidance
- Previous experience working as a legionella risk assessor/plumber or water hygiene engineer
- Candidates must have a minimum of 1-year experience in carrying out legionella risk assessments at a variety of properties
- Suitable knowledge of legislation, regulations and guidance pertaining to legionella
- Excellent communication skills
- Conscientious and enthusiastic
- Able to work in a team and independently
- Excellent IT skills
- A full UK driving license
